

NEED RELIABLE, TEMPORARY WORKERS?

**WE CAN
HELP.**

AARP FOUNDATION **SCSEP** Senior Community Service Employment Program

The Senior Community Service Employment Program (SCSEP) helps make connections between older adults and employers. For more than 45 years, AARP Foundation's Senior Community Service Employment Program has been providing government and non-profit organizations to work as Host Agencies—with no risk to the organization—in order to help provide training, supervision, and additional work experience for those 55 and older.

SCSEP is a work training program for eligible job seekers age 55 and older. We help our participants gain skills and work experience so they can successfully compete in the job market. As a Host Agency, you have the unique ability to provide on-site training and supervision for SCSEP participants assigned to your organization. As an added benefit, you have the extra manpower your agency needs to expand services, at no cost to you. It is truly a "win-win" situation.

Whether your organization or company has an immediate need for reliable, temporary workers or has permanent positions available,

or available positions and you will be provided with candidates that have been prescreened with the right skills and experience.
